

# PRATT COMBINATION SHOWER WITH EYE WASH, BOWL & FOOT TREADLE: FLIP TOP LID

**AEROSTREAM** technology delivers a gentle cascade of soft flow water to flush away any hazardous materials from the eyes and face.

**SOFT FLOW** technology delivers a precise pattern and controlled flow rate of a large volume of flushing fluid, ensuring optimum decontamination when its needed most.

**FCR/FCA** all showers and eye washes come standard with Flow Control Regulators and/or Flow Control Adjuster. The shower FCR assists for simultaneous flow between the shower and eye wash to ensure minimum flow outputs are not compromised. The eye wash incorporates our FCA, allowing for the fine tuning of flow output.

## FEATURES & BENEFITS:

- Shower stanchion and fittings are 304SS.
- 304 stainless steel shower head.
- Stainless steel eye wash bowl.
- Hand and foot operated via push handle, foot treadle and pull rod.
