

# EMERGENCY SHOWER & EYEWASH SIGN MOUNTING BRACKETS

PRATT mounting brackets provide a secure and durable solution for installing signage directly onto safety shower or eyewash stanchions.

## FEATURES:

- Manufactured from stainless steel
- Suitable for indoor and outdoor applications
- Designed to clamp onto stanchions without modification
- Adjustable positioning along the stanchion
- Supplied with bolts and nuts

**Note:** Additional holes may be required in signage for bracket mounting.

## PRODUCT RANGE:

Part No.	Description	Key Dimensions
PSSMB1	Small Stanchion Sign Mounting Bracket	Length: 170 mm Hole spacing: 140-160 mm
PSSMB2	Large Stanchion Sign Mounting Bracket	Length: 410 mm Arm length: 340 mm Slot width: up to 280 mm

## COMPLIANCE:

This product range supports compliance with:

- **AS 4775: Emergency Eyewash and Shower Equipment**
- **AS 1319: Safety Signs for the Occupational Environment**

As per the Standard:

- Equipment must be clearly identified
- Signage must be highly visible and correctly positioned
- The surrounding area must be adequately illuminated

## Important Note

Signage forms part of a complete emergency response system and must be used in conjunction with:

- Correct equipment selection
- Proper installation
- Routine inspection and maintenance
- Staff training on equipment location and use
